ALEXANDRIA, VA., FRIDAY EVENING, NOVEMBER 7, 1902.

PRICE 2 CENTS.

MEDICINAL.

GIRL WOMEN.

The general standard of measurement for womenhood is "grown-up-ness." When a girl is emancipated from school and arrives at the dignity of trailing skirts and elaborate hair dressing she is looked upon as a young woman.

But a nature knows nothing of such standards. When the womanly function is established, womanhood is attained according to her standards, and there is need of womanly care and caution. It is girlish ignorance or neglect at this critical time which often results in long years of after misery.

Mothers who perceive the evidences of functional derangement in young girls should promptly have them begin the use of Dr. Pierce's Favorite Prescription. It establishes regularity, tranquillizes the nerves and tones up the whole system.

"My troubles started during my girlhood," writes Miss Flora I. Greer, of 107 Howe Street, Akron, O., "but did not prove serious until 1892. From that time I did not see a well day. I suffered at every monthly period with terrible headache, irritation of the spine and pains in my head. I had soreness through my hips and ovaries all the time and constant backache. A doctor would tell me one thing and another would say something altogether different, but they only relieved me. I then wrote Dr. Pierce's Favorite Prescription, four of 'Golden Medical Discovery' and five vials of 'Pelle's.' Have not had a single symptom of my old trouble so far. Can sleep good, work hard, and eat solid and substantial food without distress."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

CATARRH
THE CLEANSING AND HEALING CURE FOR CATARRH IS ELY'S Cream Balm

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

WOMEN ATTACK PRIEST.

Forty women in the Pandacan district of Manila attacked Father Sorrento, a Roman Catholic priest, who was accused of exposing secrets of confession from his pulpit. The padre's garments were torn by the women, who were arrested on a charge of disturbing the peace and also of assault. They were bailed on both charges. Later on, while the padre was visiting Governor Taft, asking for protection, the women seized the church and posted a notice on the door to the effect that it was the property of "Bishop" Aglipay, the head of the "National Catholic Church." When the padre returned they would not admit him. He appealed to the court to regain possession of the church. Meantime 300 women occupy the church and are sleeping there and taking meals in the edifice. Senor Buencamino, the head of the federal party, and other Filipino leaders, drafted a petition to which 3,000 signatures were attached, declaring that the church had been built on public lands by common subscription, and, therefore, belonged to the people who now follow Aglipay. The petition also invited the people to take possession of the church. The result was that yesterday morning Aglipay celebrated mass for 1,500 of his followers, who behaved in an orderly manner. Later Governor Taft and the municipal officials held a conference with Senor Buencamino and Aglipay. The latter were warned that no violence would be tolerated, and they were advised to appeal to the courts for a settlement of the trouble. Everything is quiet at present, the police being in full control of the situation. The leaders promised Governor Taft that the women would be withdrawn from the church. It is claimed that the bishop could settle the threatened schism by substituting a native priest. A strange feature of the case is that the women are the aggressors. They are almost universally the main support of the church. Disturbances are anticipated in other districts. There is general religious unrest. A large number of Filipinos are constantly visiting the authorities and agitating in favor of government ownership of the churches. The present movement will probably result in a test suit to decide the ownership of the church property.

DISTRESS IN PHILIPPINES.

Additional advice received at the War Department yesterday from Governor Taft make the situation in the Philippines appear more serious than was first supposed. Starvation threatens the natives unless relief can be quickly sent to the islands. The terrible effects of war are now felt and Governor Taft reports to Secretary Root that it will be several years before the present depression is overcome. Col. Clarence Edwards, chief of the Bureau of Insular Affairs, has been directed by Secretary Root to make arrangements for the purchase of large quantities of wheat and flour, to be distributed among the suffering Filipinos. This is in addition to the purchase of \$2,000,000 worth of food supplies by the Philippine Commission in the East and distribution of rice by civil governors. Governor Taft says material conditions are depressing and the ravages of cholera have destroyed thousands of lives and prevented the natives from working. Little food has been raised and what crops were planted were largely destroyed by the locusts. While the agricultural situation is bad, he regards with more seriousness the loss of the native carabao, thousands of which have been destroyed by rinderpest during the past year. Governor Taft says that ladronism is still in evidence in the Philippines, and is to some extent responsible for suffering in the provinces. The robbers take station in the mountains, steal the carabao, and drive them from one province to another and sell them. As yet efforts to suppress the bandits have not succeeded very well, but the fight against them will be continued, and Governor Taft hopes in the end to rid the country of their operations.

ELECTROLYSIS FEARED.

City Electrician Kent, of Lynchburg, is engaged with a voltmeter, following the route of the street railway tracks throughout the city, for the purpose of ascertaining how much, if any, of the electric current finds its way from the tracks to the city water pipes. The fire department claim that whenever high pressure is put on the water pipes on Main street, or streets below, a break is almost sure to occur in a water-main, generally near its junction with some leaden pipe, and they fear that the pipes are being destroyed by electrolysis from the electric current which escapes from the street car tracks.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks induce the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and flatulencies of the stomach. Kodol relieves the indigestion, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. E. S. Leadbeater & Sons.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, RALPH S. MEYERS, 64—Thirty-seventh street, Wheeling, W. Va. For sale by Richard Gibson druggist.

All who use Atomizers in treating nasal Catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren street, N. Y. New Orleans, Sept. 1, 1900.
Messrs. ELY BROS. sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambertson, 1415 Delachaise street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. Gino, W. McDuff, Pharmacist.

AUCTION SALES.

BREAD.

ALEXANDRIA STEAM BAKERY'S

BREAD.

For Sale by all Grocers and at Stall No. 22 Market. If You Want the Best Insist on Your Grocer Giving You Our Bread : : :

We Wish to Announce

to the people of Alexandria that since the purchase of the Alexandria Steam Bread Bakery by ourselves on June 14, 1902, we have spared no pains or expense in going over this plant and putting it in thorough condition. We now state, without fear of contradiction, that we have as UP-TO-DATE a bread bakery as exists in the United States. We are employing Alexandria bakers who are unexcelled in the art of making bread; and it will be our purpose to see that nothing is used in the manufacture of bread except the very best of all materials. In this way we expect to give to the people of Alexandria better bread than they have been getting. We ask all of our citizens who wish to encourage Alexandria enterprise to insist on the grocer giving them Alexandria Steam Bread Bakery's Bread. We guarantee the quality
